

ITALIANS FLOOD PATH OF GERMANS

REPORTED KERENSKY DRIVEN FROM PETROGRAD

ITALIANS NOW STRIVE TO SAVE ART TREASURES

Germans in Midst of Movement to Flank Defenders at Crucial Point

TEUTON PRESSURE IS STRONG ON THE PIAVE

Bloody Street Fighting in Moscow Has Claimed More Than Two Thousand Lives

BY ASSOCIATED PRESS.

For the protection of Venice and Lombardy, the Italians have opened the flood gates of the Piave and the Sile rivers northeast of Venice, to keep in check the Austro-German force which has crossed the Piave near Grisolera. In attempting to inundate the triangle, whose apex is near San Dona di Piave the Italians hope to prevent any enemy movement to flank the right wing of the Italian army along the Piave.

Near the Adriatic, the Piave and Sile rivers are contained in canals running through land at or below sea level, and which stretches for many miles along the Adriatic. With the rivers allowed to flow unchecked, it would appear to make Austro-German efforts in this region barren of results.

In the mountains between Asiago and the Piave the great pressure of the invaders has not brought great results. On the Asiago plateau the Italians are straightening out their line gradually, and it is here that the Austro-Germans have progressed slightly. These gains, however, apparently have not been of great strategic value.

The Italian pressure between the Sogana valley and the Piave is very strong, but the Italians have been able to check their attacks.

The greater portion of the populace of Venice has left that city, from which all portable art treasures at all have been removed. The city which is but a scant seventeen miles from the battle line may not be defended in the event of an attack in order to spare monument and art treasures that remain there.

Communication Restored.

Communication with Petrograd again has been restored, but no direct news has been received from the Russian capital.

The Bolsheviks are still in control in Petrograd, while Premier Kerensky's troops are reported to be in flight, and again to be marching on the Bolshevik strongholds.

Efforts of the Semtschik to arrange a settlement with the Bolsheviks and bring about a new coalition government have failed. Other reports say that other Maximilian leaders, Lenin and Trotsky, are losing their popularity.

The Bolsheviks in Moscow are reported to have been defeated completely in street fighting, which claimed 2,000 lives. Heavy fighting has occurred at Kiev, where the Cossacks were said to have arrived several days ago. There has been little fighting of moment on the eastern and western fronts.

The American troops in France continue to harass the Germans in patrol actions and with artillery fire. There has been more clashes in "No Man's Land," from which the Americans returned unhurt. American patrols have reached the wire entanglements before the German trenches, and American machine guns have put German machine guns out of action.

Lord Northcliffe, newspaper proprietor and head of the British war mission to the United States, has declined to become head of the new air ministry in the British cabinet. His refusal, he explains in a letter to Premier Lloyd-George, is due to dissatisfaction with some of the methods of the premier's administration. Lord Northcliffe is dissatisfied, it is said, with regard to relations with the United States, which country he intimates may have to take control of allied war interests.

NAVAL EXPERTS AGREE PROGRESS MADE AGAINST SUB

Washington, Nov. 16.—American naval experts, it was made plain today, do not agree with the view that the hull in the submarine activity indicates a collapse of the U-boat campaign or that anti-submarine measures have proved wholly effective. They agree that progress is being made against the menace, but prefer to postpone judgment on whether the U-boat has been eliminated as a factor until the theory has been more thoroughly tested.

Alien Rules to Be Drawn More Rigidly

Expected to Deal Efficiently with Menace of Bombs And Fires

Washington, Nov. 16.—New regulations governing enemy aliens, much more drastic and planned to be more effective than those now operating, were up for final consideration at today's cabinet meeting. They are expected to deal efficiently with the menace of fires, bomb plots, conveying information to Germany, and other activities intended to hamper the government in the conduct of the war. The question of forcing all enemy aliens away from the vantage points of the sea board as well as forbidding them entry to certain barred zones is one of the principal considerations.

BISMARCK WILL GO FAR BEYOND Y. M. C. A. QUOTA

Close of Campaign Tomorrow Night will Find Capital City Again in the Lead

EVERYBODY HAS BEEN GLAD TO CONTRIBUTE

The close of a whirlwind week's campaign for Bismarck's quota of the \$35,000,000 fund being raised in America for the work of the army and navy Y. M. C. A. will again find the capital city well over the top. The quota is practically 100 per cent subscribed today, and it is predicted that Bismarck will oversubscribe this fund to at least as great an extent as it did the Red Cross and the two Liberty loans.

"It has been one of the pleasantest tasks I have ever undertaken," said District Chairman John A. Graham in commenting on reports from county chairmen in the sixth judicial district. "Everyone has been so willing and so anxious to contribute that the work has been a genuine pleasure."

"If the quota had been ten times as great we could easily have made it," said O. W. Roberts, chairman for Burleigh county.

"There never was any question about what Bismarck would do, and it has done it," said C. B. Allen, chairman for the capital city. Donations, large and small, from big business men and bankers, laborers, farmers, professional men, school children and newsboys have fairly rolled in upon the committee. The unanimity of the response has been one of the most gratifying features of the campaign.

"Anything we can do for our boys who are in the thick of this great fight will be done cheerfully," said one contributor, "and of all the things we can do for them, I believe the investing of a dollar or two in insuring these boys a chance to come back clean in body and in mind is the very best."

Complete reports for the district, the county and the city probably will be available tomorrow. The committee are still working. There isn't the slightest diminishment in their enthusiasm. They are bound to carry the fight not only over the top but to the enemy's last trenches.

Bartholomew Billy Sunday, they might say, "We're out to fight the devil until he drowns in the sea, and then we're prepared to buckle on skates and tackle him on ice."

CAPT. BARKER CAN'T GO OVERSEAS; RETAINS RANK IN WAR SERVICE

Dickinson, N. D., Nov. 16.—Word has been received here that Capt. C. N. Barker of Co. K, First North Dakota, now stationed at Camp Green, has been found unfit physically for overseas service. He will, however, retain his rank and be assigned to service in America when his command crosses the Atlantic.

DICKINSON COMMERCIAL CLUB BOOSTS RED TRAIL

Dickinson, N. D., Nov. 16.—A constructive campaign for the advancement of the Red Trail—the National Parks Highway—was planned by the Dickinson Commercial club at its last meeting. A great amount of work already has been done on the trail through Stark county, and much more improvement is planned for the coming year.

NEW RURAL ROUTES

Van Hook Farming Country Development Shown

VILLA IN PERSON COMMANDS ARMY AT OJINAJA PORT

Report of the Execution of Martin Lopez Proves to Be Pure Fabrication.

TRILLO DENIES THE MURDER OF PRISONERS

Juarez Is Villa's Next Objective, After Which He Will Attack Post at Chihuahua City.

Presidio, Tex., Nov. 16.—Juarez is Francisco Villa's next border objective, after which a general attack on Chihuahua City, the state capital, is planned, according to plans revealed today by Villa leaders in the Ojinaga garrison. The capital of the new movement headed by Villa is to be established there, according to this plan.

The Villa movement is a new one, having no connection with the Felix Diaz or other revolutionary movements, according to General Porfirio Onelas, permanent commander of the Ojinaga garrison. The new movement is called the conventionist party, and is in fact a revival of the former movement by Villa called the conventionist movement, following the convention of revolutionary chieftains at Angus Calientes.

Lopez Story Untrue. Francisco Villa is in personal command of the Villa troops now occupying the Ojinaga post, according to Col. Miguel Trillo, Villa's personal secretary, who talked with the Associated Press correspondent today. He said Villa was on a trip of inspection of the country in the vicinity of Ojinaga and would return tonight.

The private secretary to Villa pronounced the report that Martin Lopez was executed for failing to capture that town yesterday morning as a pure fabrication, and said Lopez was with Villa in the hills to the southwest of town. He said Nicholas Fernandez was in command of the Plaza.

Twenty-four federal and Villa wounded are now in Ojinaga and permission has been asked to bring them to Presidio for treatment.

Col. Trillo denied the execution of prisoners. He said one federal colonel who was wounded last night had been given the liberty of the town pending the removal of wounded prisoners to the American side.

Villa's losses were comparatively light, according to Captain Jose Maria Jaurete of Villa's general staff, who accompanied Villa's secretary.

VILLA NEEDS FOOD.

El Paso, Tex., Nov. 16.—At the Mexican consulate general here today it was said that Villa's purpose in taking Ojinaga was to replenish his food supply and to dispose of one million pesos in silver bullion which his men had gathered in loot during the past few months.

A representative of one of the largest mining companies operating in western Chihuahua is authority for the statement that the Villa attack on Ojinaga is the first open move in a general plan for the overthrow of Carranza. This man declares he has information that Villa has but recently returned from southern Mexico, where he conferred with Zapata, Felix Diaz and other leaders of anti-government factions, and that an understanding has been reached whereby all will cooperate in the new revolution.

It is further asserted that while Diaz is the ostensible head of the new movement, the real leader is remaining in the background, and is known only to a few persons.

Revolution Long Delayed.

Preparations for the revolution, it is asserted, have been under way for many months, but hostilities have been delayed because of fear of interference by the United States. This, it is said, is no longer felt here, and it is said the United States is so fully occupied in the war with Germany as to have no time to bother with Mexican affairs unless American interests are vitally affected. This it is planned to avoid by giving every protection to foreigners and their property.

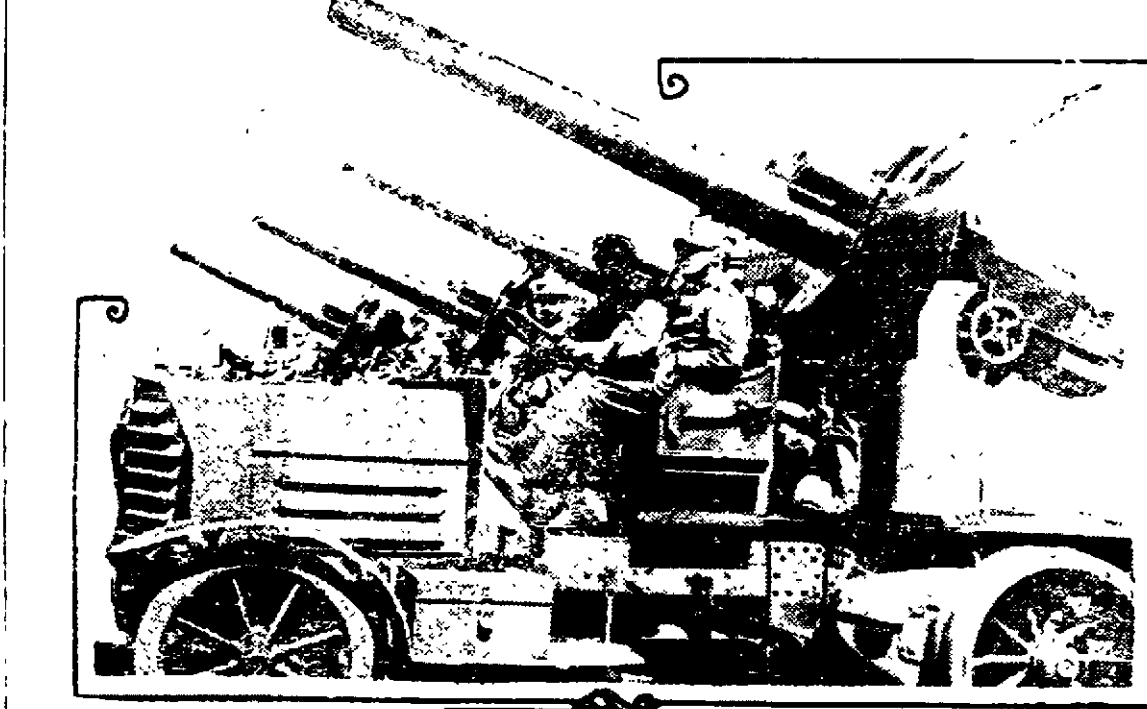

According to the plans revealed here Villa is to be commander of the army of northern Mexico and in return for this position has promised loyal and unquestioned obedience to the real head of the revolution.

AUTO RUNS BOY DOWN

Youngster Struck while Riding Bicycle Badly Injured

Napoleon, N. D., Nov. 16.—Ben Schwan, 15-year-old son of Mrs. Anton Zahn, was injured internally when he was run down by a speeding car, driven by Peter Rice, on the main street here. The youngster was riding a bicycle and it is reported he had no time to turn out for the racing car. He has been removed to his mother's home, where he is receiving surgical care.

Their Bite Is Worse Than Their Bark

The Teutons' capture of over 1,000 large guns from the Italians in the present offensive puts the burden of artillery defense on General Cadorra's smaller artillery. But these 102 millimeter guns are among the most effective of the smaller field pieces and can quickly be moved from place to place.

TOWNLEY ASKS LABOR UNIONS TO JOIN HIM

Urges Elimination of Middlemen and Direct Marketing of Manufactured Goods

"DOWN THE PROFITEER" SAYS LEAGUE HEAD

Buffalo, N. Y., Nov. 16.—A pledge from the farmers to join hands with Union Labor to help win the war was given today at the session of the American Federation of Labor by A. C. Townley, president of the Farmers nonpartisan league, and L. B. Strayer, second vice president of the national farmers' congress.

"The farmers realize," Mr. Strayer said, "the great responsibility that rests upon them in this great worldwide crisis. When the liberties for which our forefathers fought are in danger it is important for we workers in the city and in the fields to understand one another. The fallacy that we are opposed should be corrected."

President Townley urged the federation to cooperate by putting the field and factory war products on the market at lower prices and in greater quantities.

"Let the two great classes of producers join hands behind the government in this war," he said. "Let us put down the profiteer. We would find in a surprisingly short time that our people at home would be better and more economically fed, our forces at the front better and more economically equipped."

President Townley made a bitter attack on the milling interests, declaring the farmers only received 80 cents per bushel for wheat under low grading, while the No. 1 Northern wheat was selling for \$1.80. "But," he declared, "all of our wheat finds its way into the flour mills and into your barrels."

A resolution calling on the government to take over the flour milling industry was read and approved by President Townley.

GUARDS FOR INSANE CHARGED WITH CRIME; BEAT WARDS TO DEATH

Cincinnati, Nov. 16.—A. L. Barlow and James Brown, two attendants at Longview State Hospital for the insane, were indicted on charges of first degree murder in a partial report made here today by the special grand jury investigating the conditions existing at the hospital.

The indictments were made in connection with the death of Sablin Hollister, a patient at Longview last week. The police allege that both Barlow and Brown have admitted beating and kicking Hollister, but that each place the major blame upon the other.

Bismarck College Head Plans Dickinson Institution

THREE ARE VICTIMS OF AXE MURDER IN VIRGINIA

Virginia, Minn., Nov. 16.—Three persons, Mr. and Mrs. Alar, and a boarder, Peter Trephick, were killed last night by an axe murderer. Their bodies were found today in their home here, with a note of warning to all other Austrian families in Virginia, who bought liberty bonds or subscribed to Red Cross.

The bodies were horribly mutilated. They had been slashed with a knife in addition to being beaten with an axe. All were in their beds. Alar's skull had been crushed by a single blow from a double bit axe, and there were knife wounds on his body. Mrs. Alar's face was smashed, and in another room Trephick had died from a crushed skull similar to that suffered by Alar.

BURLEIGH COUNTY APPLIES FOR U. S. COUNTY AGENT AID

Signs Contracts with State Board of Regents Which will Make \$1400 Available

MOVEMENT INAUGURATED BY COMMERCIAL CLUB

Burleigh county is to have a county agent, a better farming expert who will devote all of his time to assisting the farmers of Burleigh in solving their every day problems and in directing their efforts to make farming more profitable.

The movement for a county agent in Burleigh was originated more than a year ago by the Commercial club. Petitions were placed in the hands of progressive farmers in various parts of the county, and a fair number of signatures were produced. When the question was presented at the county convention of the Farmers' Union, however, that organization was disposed to believe the time was not yet ripe, and the movement for the time being was dropped.

At the last meeting of the Burleigh county commission petitions signed by a sufficient number of Burleigh county farmers were submitted asking that the county enter into a contract with the state board of regents for a county agent, and the board immediately adopted resolutions directing County Auditor Flaherty to draw up contracts and present them to the board of regents. These contracts will go in a day or two.

Under the Smith-Lever act, the United States department of agriculture is authorized to appropriate \$1,000 per annum to apply on the salary of a county agent in any county which makes application for assistance. This sum will be available in Burleigh, and it is probable that the county's share of the additional expense will be at \$1,000 per annum.

Walsh and Sargent have joined with Burleigh in the movement for applications for county agents reported to Thomas Cooper, director of the North Dakota experiment station. This will make 20 counties engaged in this work, with 22 accredited county agents in the field, meaning that more than half of North Dakota now is covered by this progressive movement.

Mr. and Mrs. George V. Cunningham have been spending several months in Driscoll expect to return to the city next month and will open their house in Sixth street, for the winter.

FLOOD GATES OF PIAVE ARE THROWN OPEN

Pope Orders Nuncios to Appeal Personally to Emperor William for Protection

CHIEF MENACE NOW IS ATTACK ON VENICE

Invaders May Enter City by Throwing Lagoon or Bombard City from Vantage Point

Berlin, Nov. 16.—The town of Cison, on the northern Italian front, has been captured, the war office announced. Near the Adriatic, on the western bank of the Piave, Hungarian troops advanced and captured 1,000 Italians.

POPE ASKS PROTECTION.

Rome, Nov. 16.—Pope Benedict has asked the governments of the central empires to instruct their military authorities operating west of the Isonzo to follow the rules of international law in respecting the lives and property of civilians and in protection of women and children, the clergy, hospitals, churches, bishop's palaces and presbytery.

The pontiff also has ordered the Papal Nuncios at Munich and Vienna, if necessary, to appeal personally to Emperor William and Emperor Charles to obtain fulfillment of his purposes.

Italian Headquarters in Northern Italy, Thursday, Nov. 15.—The flood gates of the Piave, and Sile, or Old Piave rivers, have been opened by Italian military engineers and the enemy is now faced by another Ypsar of inundation.

Under Water.

The flood was loose at the point where the enemy succeeded in crossing the Piave near Grisolera (four miles from the coast) and the whole region where he gained lodgment now is under water. The inundated territory forms a huge triangle about 12 miles on each side, with the apex at Dona di Piave. The enemy had been driven back, but still held on within this triangle until the dykes from both rivers released the waters over the low-lying plains.

Chief Menace.

The chief menace at that point was that the enemy might be able to approach Venice through the lagoon or bombard the city from his position between the rivers. The inundation interposes a barrier of water, 12 miles across and several feet deep.

Reports which have reached headquarters, the other points on the front also are favorable.

WANT PEACE CONFERENCE.

London, Nov. 16.—The Independent Socialist group in the German reichstag has requested the president to convene an immediate session of the reichstag to discuss the peace offer of Nikolai Lenin, leader of the Russian Bolsheviks, the Amsterdam correspondent of the Central News cables.

The Independent Socialist also asks that the reichstag take up the consideration of the new state of affairs as regards Courland, Lithuania, and Poland.

BELIEVE STEAMER LOST.

Washington, Nov. 16.—The British steamer Kansas City is believed to have been lost at sea. Nothing has been heard from her since she reported to the British command.

SITUATION UNCHANGED.

Washington, Nov. 16.—Dispatches received from the Russian front, Nov. 15, at Petrograd, nothing new at all. The situation is unchanged. The new dispatches which are being sent in from the front, and the Russian command, are all of the same nature.

BONE DRYNESS HELPS

McHenry County Spent only \$1.50 on Prisoners Last Month

Town, N. D., Nov. 16.—North Dakota's bone dryness is reducing the high cost of grain. During the month of October, McHenry county paid out \$1.50 for the board of prisoners in the county jail, and Sheriff J. A. Kirk attributes this great decrease in expense to the fact that very little intoxicating liquor is coming into Towns county.

SUMMIT TOWNSHIP COUPLE ARRESTED; IGNORED SCHOOLS

Mr. and Mrs. James Kostal, residing in Summit township, near Burleigh's north county line, will be arrested tomorrow morning and brought to Bismarck to stand trial in Justice Heckford's court on a charge of failing to send their three minor children to school.

It is alleged in the complaint made before Judge Heckford this morning that the couple have persisted in keeping their children out of school, although they have been warned that they are violating a state law. The entire family will be brought in tomorrow afternoon for a hearing. Deputy Sheriff Rollin Welch will serve the warrants.

This is one of the first cases of the kind which has come up in Burleigh county for some time. As a rule, the rural districts in the county are observing the school laws, and a majority of the schools report a full attendance.

ITALIANS STILL HOLD IN CHECK TEUTON THRUST

Vigorous Fighting at Points But Line of Resistance Holds in Main.

NO REAL PROGRESS IN VENETIAN RAID

Many Contradictory Rumors from Petrograd But No Substantial Facts.

BY ASSOCIATED PRESS.

With the Russian situation still obscured by reason of the fact that no direct advice are being received from Petrograd or Moscow, the Italian situation is of transcendent interest in the news of the world war.

Everywhere along the battle front the Italians are holding the enemy in check, except in the ally region in the vicinity of the Asiago plateau, where additional gains have been made by the invaders. The new advances by the Teutonic allies, as observed on the war maps, do not indicate that points of extremely great strategic value have been won, but rather that the Italians on various sectors have given ground before great superior numbers, and at the same time straightened out and secured the length of their front.

In the hills north of the Venetian plains, General Diaz, the new commander in chief of the Italians, has withdrawn his advanced posts south of Monte Tomatic. On the Asiago plateau and thence eastward to where the battle front meets the upper reaches of the Piave river, the German and Austro-Hungarian forces are adding strength to their attacks, doubtless hoping to drive through the highland country to the plains of Venetia before the expected arrival of British and French reinforcements becomes a fact.

Gain Reinforcements. Notwithstanding the arduous retreat from the Asiago plateau, the Italians evidently are able to reinforce their northern line sufficiently to give battle to the enemy in such strength as to prevent a precipitate invasion of the lowlands, where undoubtedly it is the ambition of the enemy to turn the flank of the defenders and force a withdrawal of their line still farther westward.

Along the Piave from the region of Peltre to the Adriatic the invaders at numerous points have endeavored to make new crossings of the river, but everywhere they have been thwarted. Those already on the west bank of the river are being held to their original positions, the artillery and rifle fire of the Italians keeping them in check.

Near Zenson the positions of the enemy gradually are being encroached upon, while near the mouth of the river at Grisleria the invaders in the swampy lowlands constantly are under a vigorous shell and rifle fire.

Russia Still Clouded.

Varied reports are still coming

Coming to Bismarck Dr. Mellenthin SPECIALIST

For His Sixth Year in North Dakota

DOES NOT USE SURGERY

Will be at M'KENZIE HOTEL

Tuesday Office Hours 9 a. m. to 4 p. m. Wednesday, 9 a. m. to 3 p. m.

Two Days Only

No Charge for Examination

Dr. Mellenthin is a regular graduate in Medicine and Surgery and is licensed by the state of North Dakota. He visits professionally the more important towns and cities and wherever a man who can on this trip consultation and examination free, except the expense of treatment when desired.

According to his method of treatment he does not operate for chronic appendicitis, gall stones, ulcers of stomach, tonsils or adenoids.

He has to his credit many wonderful results in diseases of the stomach, liver, bowels, blood, skin, nerves, heart, kidney, bladder, rheumatism, waterbury, weak, rheumatism, syphilis, leg ulcers, recta ailments.

If you have been suffering for any length of time and do not get any better, do not fail to call, as improper measures rather than disease are very often the cause of your long-standing trouble.

Remember above date, that examination on this trip will be free and that his treatment is different German spoken. Address, 236 Boston Block, Minneapolis, Minn.

through concerning the situation in Russia, but out of the maze it has been impossible to disentangle one statement that may be considered trustworthy. One report has Petrograd in flames and another has 200,000 persons killed in the streets of Moscow during the fighting between the Kornysky and Bolshevik factions. Still another is to the effect that a coalition government has been formed in Moscow with members of the Bolshevik holding portfolios in it. Other unconfirmed reports are to the effect that anarchy reigns in Kiev and other Russian cities, and that excesses against the Jews are being committed. Comparative quiet still prevails along the western front in France and Belgium.

Georges Clemenceau, one of France's most eminent public men, and a former premier, will form a new French ministry.

VALLEY BLAZING INFERNO.

Italian Army Headquarters in Northern Italy, Nov. 16.—Under the escort of a staff officer from headquarters the correspondent today made a tour along 20 miles of the Piave battlefront while a terrific artillery fire was in progress on both banks of the river and the whole or, dimly peaceful valley was transformed into a blazing inferno.

From a suitable observation point the view led across the river to the positions occupied by General von Eulow's German troops, who had occupied the town of Vidor, over which hung a huge German balloon. Further along could be plainly seen the two opposing lines running along the east and west banks of the river.

An abandoned warehouse on the bank of the Piave river further down afforded a view of a massive bridge with the two middle spans blown up and of the great pall of smoke hanging over Zenson and the island of Grave, where the enemy had crossed the river, but were still held back on the river's edge by the fierce counter attacks of the Italians.

All along the lower stretch of the river the bombardment was continuous.

The Italian lines were holding well at all points and everything indicated the thoroughness of the concentration that had been effected by the army along the new lines.

In the new trenches along the river bank and among the columns advancing along the roads the men displayed the best of spirits and evidenced their determination in the desperate struggle for the holding of this Piave line, which is now reaching its climax.

RESULTS IN PRISONERS.

London, Nov. 16.—In the house of commons today during a speech Mr. Henry Wm. Forster, financial secretary of war, said that since July 1, 1916, the British had captured from the Turks 29,197 prisoners and 125 guns, and from the Germans on the western front 101,334 prisoners and 519 guns.

The approximate square mileage in territory conquered or reconquered by the British in the same time, said Mr. Forster, was 128,000. The total number of prisoners captured on all fronts since the beginning of the war was 166,000, while the captured guns numbered 800.

An official statement issued by the British war office Aug. 24 said that the number of prisoners captured by the British in all war theaters since the beginning of the war, exclusive of African natives, at that time totaled 131,776.

AMERICANS WOUNDED.

With the American Army in France, Nov. 15.—A number of American infantrymen suffering from shell wounds arrived today at the base hospital. All the casualties were caused by the same shell.

A group of Americans were in a shack in the reserve when the Germans began shelling heavily. The officers ordered the men to a dugout, but before they could get there a large shell dropped on the position and exploded. The American artillerymen concentrated their fire on the communicating trench of the enemy, and it is believed that their shells caused considerable casualties and damage.

KING MEETS AMERICANS.

Belgian Headquarters in the Field, Nov. 15.—King Albert today received a delegation of American congressmen and former congressmen. They were presented to the king by Brand Whitlock, the American minister to Belgium. The entire party took luncheon with King Albert, who was celebrating the name day of his patron saint.

COAL DISTRIBUTION COUNCIL SUGGESTS A PLAN FOR RELIEF

Minneapolis, Minn., Nov. 15.—State fuel administrators of Wisconsin, North and South Dakota and Minnesota met today and discussed plans for distribution of coal in the northwest.

It was decided to have communities unable to obtain coal from Lake Michigan and Lake Superior ports submit a report to their respective state fuel administrators. These requests will be turned over to W. H. Groverman, secretary of the Northwest Coal Dock Operators' association, and the companies holding up the orders will be required to make immediate shipment, in case of coal shortage the fuel administration will communicate with railroad companies and procure the necessary carriers.

Under the operation of the priority coal shipment order of the federal fuel administration, the amount of coal on docks at the head of the lakes has tripled since Aug. 1, it was said.

NORTHLIFFE REFUSES PROFFER

London, Nov. 16.—Lord Northcliffe has declined a proffer of the administration of the new air ministry made to him by Premier Lloyd George.

In a long letter to the premier, Lord Northcliffe explains that his refusal of the portfolio is due to dissatisfaction with some of the methods of Mr. Lloyd George's administration, especially with regard to relations with the United States, and says that Lord Northcliffe's desire, therefore, is to maintain

PAY ENVELOPES ACT AS MAGNET TO HIGHWAYMEN

Four Bandits Hold Up Automobile Carrying Wages to Limestone Quarries.

ONE BANDIT KILLED; ANOTHER IS WOUNDED

Half of \$17,000 Taken from Car Recovered—Posse Hunts for Balance.

New castle, Pa., Nov. 16.—Posses of deputy sheriffs and state constabulary are searching for four bandits who shortly after noon Thursday held up an automobile containing A. D. Farrell, superintendent of the G. W. Johnson Limestone company, and two employees, and after shooting to death one of the employees, Tony Sack, and wounding Farrell, escaped with \$17,000 in pay roll envelopes, late today found one of the alleged holdup men dead in a clump of bushes near the scene of the holdup and shot another of the bandits who had concealed himself in a tree about a mile from the robbery.

In the possession of the bandits was \$9,700 of the money taken from the Farrell automobile.

Farrell Hit by Bullet.

The superintendent's party was fired upon while passing along a lonely road en route to Hillsville to pay the company's employees. Farrell, who was driving, was hit by a bullet and the machine ran into a ditch. Sack was killed, while Geo. McBride, the third member of the party, escaped unharmed by dropping to the floor of the automobile and, each taking one of the four boxes of pay envelopes, escaped through the bushes.

Drives to Hillsville.

McBride lighted the automobile and drove to Hillsville with Sack's body and with Farrell, who was placed in a hospital.

Two hundred workmen from the company's quarries took up the search for the four men. The posse was joined by Newcastle police and members of the Pennsylvania constabulary. Within 200 yards of the spot where the holdup occurred, a body was found. In the hands of the man, who was later identified as Mat Galic, address unknown, was one of the pay envelope boxes containing \$4,700. It is believed Galic was killed by one of his companions, as the posse had fired no shots until that time.

Hides in Tree.

A few minutes later the posse discovered another of the alleged bandits in a tree. He was ordered to descend, and when he failed to do so, a member of the posse fired and fell from the tree with a bullet wound through his mouth. Five thousand dollars was found in his possession. He was identified as Mayek Zorko, address also unknown. He was removed to a hospital and will recover.

Late tonight no trace had been found of the two men who escaped. It is believed they have the remainder of the pay roll, \$7,300.

EXPRESS COMPANIES ASK RATE ADVANCE; SUFFER NET LOSS

Claim They Are Playing Losing Game by Reason of Taxes and Expenses.

Washington, Nov. 16.—Express companies today applied to the interstate commerce commission for an increase of 10 per cent in their rates.

The Adams, American, Southern and Wells, Fargo companies, making the application in behalf of themselves and other express companies, set forth that they had suffered a net loss of \$29,848 as the result of increases in operating expenses and taxes during the first six months of this year.

"The companies assert that they are carrying on greatly increased business under the most trying conditions. It is increasingly difficult, their application says, to obtain necessary labor, and frequent and substantial advances in wages are said to have been necessary to retain the employees."

rates, the companies declare, "are insufficient for service under existing abnormal conditions and do not produce sufficient revenue to meet the actual operating expenses and taxes of our petitioners."

EDWARDS GOES TO HELENA TO PROBE BANKERS COMPANY

State Examiner Invited to Make Investigation at Expense of Insurance Concern

W. C. Edwards of the state examiner's office left at noon today for Helena, Mont., to make an examination of the Bankers' Insurance Co., at the request of the company. The Bankers, which has had a great amount of trouble in adjusting its 1917 drought claims in this city, contends that it is making out drafts to policyholders as rapidly as losses can

ration of its assets will prove the truth of this contention. The state examiners' office is concerned through a circular recent mailed to the state banks requesting that they withhold payment on drafts of \$100 or more issued in lieu of notes given by policy holders until the Bankers has satisfied the state of its position. This circular was followed by the garnishment of state banks in Helena and Twin City banks by the life insurance company. Mr. Edwards comes to Helena at the expense of the insurance company.

M'KENZIE HOME GUARD ENTERTAINS OFFICERS OF BISMARCK COMPANY

Capt. E. G. Wanner, Sergeants Clough and Bergeson. Pay Visit to Neighbors

McKenzie, N. D., Nov. 16.—The McKenzie Home Guard, with 32 members present, held a most enthusiastic meeting last evening, evening in the basement of the McKenzie school. Capt. E. G. Wanner, First Sergeant, Harry E. Clough, Sergeant R. M. Bergeson, S. N. Bergeson and Martin Thompson of the Bismarck Home Guard drove down for the occasion, and experiences and suggestions were exchanged.

Sam Day, McKenzie's merchant prince, is captain of the McKenzie guard, and he has a splendid set of officers, including First Sergeant Ralph Madigan, who was for years a member and a non-commissioned officer in Co. A at Bismarck. The guardsmen are drafted from the ranks of farmers and townspeople, and they are making excellent progress with their drill.

BANK TELLER SHOT.

Domestic Quarrel Ends in Wounds That May Be Fatal.

Benidji, Minn., Nov. 16.—Oscar Nelson, teller of the Northern National bank here, was shot late today by Roland Heurionnet of this city, and is in a serious condition at the local hospital. The men are said to have quarreled over family affairs.

Nelson's condition is so serious that he was unable to explain the cause of the quarrel and Heurionnet refused to talk.

Following the shooting Heurionnet gave himself up to the police.

Nelson was operated upon tonight. Physicians said he had a chance for recovery.

FRENCH CABINET HEADED BY MAN WITH BIG STICK

After Conference with Poincare, Clemenceau Agrees to Form a New Ministry.

RADICAL GROUPS AGREE TO THE NEW PREMIER

Veteran Statesman Known as the "Tiger" and is 76 Years of Age.

Paris, Nov. 16.—Former Premier Clemenceau has agreed to form a new cabinet.

M. Clemenceau remained at Elysee palace with President Poincare for more than an hour, after which the announcement was made that the president had offered him the mission of forming a cabinet, which he had accepted. On leaving the palace M. Clemenceau said:

"I intend to act quickly and rationally. There are certain little matters to examine and regulate and I think I shall need six hours. I shall perhaps be able to give the first exact information tomorrow evening."

The radical and radical socialist groups in the senate met and adopted a resolution that the circumstances of the hour required that the best qualified men take office regardless of parties. The corresponding group in the chamber, after a sharp discussion, adopted a resolution against the party pronouncing against M. Clemenceau.

George Clemenceau was for many years one of the most forceful figures in French public life. He instituted the campaign against German propaganda in France. The "Tiger," as he is nicknamed, is known as an exponent of the big stick.

PETTIGREW PUTS UP \$5,000 BOND FOR APPEARANCE

SIOUX CITY, Ia., Nov. 16.—C. O. Bailey, a local attorney, announced today that F. H. Pettigrew, former United States senator from South Dakota, who is under indictment in South Dakota for violation of the espionage act, had furnished \$5,000.

Corns Stop Hurting, Then They Lift Out With Fingers

No pain or soreness! Corns and calluses just shrivel up and lift off—Try it!

A noted Cincinnati chemist discovered a new ether compound and called it freezeone, and it now can be had in tiny bottles for a few cents from any drug store.

You simply apply a few drops of freezeone upon a tender corn or painful callus and instantly the soreness disappears, then shortly you will find the corn or callus so loose that you can just lift it off with the fingers. Really! No humming! No pain, not a bit of soreness, either when applying freezeone or afterwards and it doesn't even irritate the skin.

Hard corns, soft corns or corns between the toes, also toughened calluses just shrivel up and lift off so easy. It is wonderful! Works like a charm. Keep it on the dresser.

bonds for his appearance here before the next term of federal court. Senator Pettigrew is now in Chicago.

Bailey announced that the bond had been approved and that the arrest of Senator Pettigrew on his return to South Dakota now would not be necessary.

HALF OF Y FUND SUBSCRIBED WITH 3 REMAINING DAYS

New York, Nov. 15.—With only three working days remaining for the Young Men's Christian association's war work fund campaign, the national war work council issued an appeal tonight for workers "in every state, city and town in the country to exert heroic efforts to secure small size as well as large subscriptions. Otherwise," the appeal said, "the amount necessary to provide care and comfort for our soldiers in the field and those of our allies may not be realized."

Approximately \$18,000,000 of the desired \$35,000,000 is yet to be raised, and the council expressed concern over reports that most of the \$17,000,000 thus far subscribed consisted of large subscriptions, "most of which had been provided in advance of the campaign."

Girls! Use Lemon Juice! Make This Beauty Cream

The lemon juice massage indulged in once or twice each day means a little time and trouble, girls, but what of the splendid results? A skin bleached beautifully white, a complexion with the bloom of a peach, a softening of those lines of care; in fact, a skin eloquent of nature's purity and hands white, soft and full of charm.

What girl or woman hasn't heard of lemon juice to remove tan, freckles and shallowness; to bleach the skin and to bring out the hidden beauty? But lemon juice alone is acid, therefore irritating, and should be mixed with orchard white this way. Strain

two fresh lemons into a bottle containing about three ounces of orchard white, then shake well and you have a whole quart of skin and complexion lotion at about the cost one usually pays for a small jar of ordinary cold cream. Be sure to strain the lemon juice so no pulp gets into the bottle, then this lotion will remain pure and fresh for months. When massaged daily into the face, neck, arms and hands it should naturally help to whiten, clear, smoothen and beautify the skin.

Any druggist or toilet counter will supply three ounces of orchard white for a few cents and the grocer the lemons.

Everybody's Anxious for a "BIG Y" Apple

You can hardly wait till the box is opened. Mouths are fairly "watering" for a bite of these crisp, juicy "Big Y" Apples. Always keep a bowl on the table or sideboard. Let the children have plenty of them. Cheaper and better than sweets. Apples have natural acids that are good for the nerves, the stomach and the complexion.

"Big Y" Apples

Blue Y—the Apple de Luxe

Red Y—Nearly as Good

Special sales of "Big Y" Apples Saturday at grocers and fruit stores all over Bismarck and vicinity. The Jonathans and Delicious are at their best now. Order a box for over Sunday—that's the economical way to buy. Leave them in the original paper wraps—they retain the flavor and crispness.

"Big Y" Apples are grown and shipped by a co-operative body of growers—owners of the finest orchards in the famous Yakima valley. Never so delicious as this year—and priced so all can enjoy them.

Rugby, N. D., Nov. 16.—Miss Genevieve Grover, home demonstration agent of the agricultural extension department, today gave a practical talk on meat substitutes at the Pierce county court house.

BERTHOLD INDIANS BOUGHT BIG AMOUNT OF LIBERTY BONDS

Berthold, N. D., Nov. 16.—Indians and employees of the Berthold reservation, according to a report which Sgt. Jermay has just tabulated, subscribed for \$47,500 worth of the Second Liberty loan.

1918 AUTO LICENSE APPLICATIONS COME IN GOOD SHAPE

Car-Owners Perform Difficult Feats in Mental Arithmetic and Send Proper Checks

Applications for 1918 auto licenses reaching the secretary of state's office in good condition in spite of the fact that considerable arithmetic is required on the part of the applicant. To date 44 single car registrations have been received and applications have been made for four dealers' licenses. Beginning at \$6.00 for a Maxwell, checks accompanying the tags run at \$7.00 for Ford, \$8.50 for the 1918 model Buick, \$9.50 for the 1918 model Overland, and \$9.70 for the Geo. But two half-rate applications, covering cars upon which a license fee has been paid for three years or more, have been received to date.

CANADIAN WASTEAGE LEADS ENLISTMENT

Ottawa, Ont., Nov. 16.—The total wasteage of infantry in the Canadian expeditionary forces in October exceeded the total number of recruits enlisted during the same period by 1,898, according to figures given out today by the militia department. The total wasteage was 3,648, being made up of 1,017 men discharged in Canada, 1,565 returned to Canada from overseas for discharge and 1,066 casualties overseas. The total number of recruits secured for overseas service in the Canadian infantry was 1,750. Of these 1,045 men were recruited in the United States.

DR. J. H. ROBERTS, Meteorologist.

FUEL ADMINISTRATION
Capt. I. P. Baker has assumed his duties as fuel administrator in characteristic style. Results are already apparent. More eastern coal is being shipped into Dakota from the head of the lakes than in past seasons. The prompt movement is due largely to the energetic manner in which Capt. Baker is administering the rather perplexing problems of the office.

There is no need to complain now about fuel conditions. A situation confronting every community is the problem of the fuel administrator and dealers. Capt. Baker has found nothing but a patriotic willingness on the part of mine operators to give him every assistance in providing sufficient fuel supplies for the winter.

It is hoped that the people of North Dakota will relieve the carriers as much as possible by utilizing native coal. There is sufficient lignite to supply every household. All that is needed is for North Dakota users of eastern coal to secure lignite burners. This action will assist greatly in solving the problem for North Dakota.

Capt. Baker is always glad to hear from any section of the state where shortages or injustices exist. He is giving much of his time to this work and now ranks high among the fuel administrators of the nation for executive ability shown in handling North Dakota's fuel problems which are unique in character.

Czar Nicholas as king of the Siberians merely proves that nothing is too extreme for Russia.

RETIRE THE PRO-GERMANS

Ha! Mr. Aleck Kerensky comes back! Having seized the wireless communications, Mr. Kerensky is pleased to report to the world that he has 200,000 loyal soldiers behind him and, hence, the ability to suppress the Bolshevik government. According to the Russian custom, Mr. Kerensky supports his 200,000 soldiers with a vainglorious 200,000 proclamations, more or less, as he approaches Petrograd, but he seems to put a new note in his present issues. He appeals to all millions that he is going to give M. Trotsky, M. Lenin and other leading disturbers a close shave by the simple and thorough process of decapitation.

That part of the world most directly interested in Mr. Kerensky will greet with cheers his apparent abandonment of the policy of compromise with the internal enemies of Russian democracy. If he now arrives with an ax with which to chop off the kaiserism that has given the revolution the morale of a mere mob, he is likely to give Russia and the war a much finer aspect.

There is almost world-wide satisfaction in the announcement that Mr. Kerensky is to "suppress the radicals quickly and thoroughly," and we modestly intrude with the suggestion that

the cure for radicals, in this instance, is radicalism. What Russia needs, above all else, is the permanent retirement from business of her pro-Germans. As an earnest of his change of policy, Mr. Kerensky might hang Lenin and Trotsky upon the high tower of St. Peter's and St. Paul's. Certain it is that, if it appears that Russia is to continue as the scene of just one revolution after another, it is going to be very difficult, if not wholly inadvisable, for outsiders to aid her.

Maybe Ohio only intended to go moist.

IN THE NICE GERMAN WAY

Please observe that one of the Kaiser's evil chickens has come home to roost.
Wilhelm gave the world some strong demonstrations of art of seizing things. Uncle Sam has always been content to rely upon Yankee largaining, when wanting things, but being in war with a party who won't even talk bargain decently and who depends upon grabbing, Uncle becomes quite a seizer himself. He has got hold of \$72,000,000 worth of stored German war stuff in New York alone, and he proposes to seize millions of dollars of German owned gold in the banks and convert it into United States bonds to finance the war against the kaiser. This looks cruel but it's right kaiserish.

Wonderful woman, for her age, that Sarah Bernhardt! She's still able to travel with 20 handbags and 22 trunks.

IT IS TO HOLD.

"Much depends upon whether the Italians can hold," says a war expert.
Come to think about it, the final result in this war depends much upon "hold." If the Russians will hold, if Italy will hold, if Haig will hold, the United States will be in it with all its strength, and that will settle it, beyond doubt.

The people of the United States will produce the necessary food, soldiers and money. The problem of this war is transportation. Ships are the first essential but even the efficiency of our ships is very largely dependent upon American railway transportation, and this proposition is the whole people's own, just as are the food, the fighters and the finances. It is up to the individual to help the railway administration in conservation of transportation facilities. Buy in the nearest market, cut out pleasure travel, consume things that do not require long distance shipment, and you will help. And maybe you'll acquire a mighty fine habit, war or peace.

"Camouflage never deceives Goli," declares Johnny Rockefeller. The young man was wound enough paint in Colorado to know.

UNITY NEED

A grave crisis faces the Allies—and when the Allies are spoken of that includes the United States. Isolated as we are geographically speaking we are no less intimately involved in the crisis than Italy, France or England.

The people of the Entente to which the people of America are now allied must praise rather than censure Lloyd-George for his frank utterances in Paris. There is a pressing need for more unity and more cohesion. Out of the present disaster in Italy and Russia should be evolved some plan to win the war without additional blunders.

It surely will not need a despotism to arouse a free people to the weaknesses that beset the present prosecution of the war. America's heart is in the fight, but before her armies arrive in large number, there must be more of what Lloyd George calls "unity of action."

He frankly states that there has been too much "particularism." National ambitions have clashed too often. The world will agree with the British premier that a supreme command is needed that will sweep into the discard national ambitions and prejudices. There must be but one aim:
Conquer Germany.

Queen Liliuokalani will have added something to literature, if she left a diary telling how it feels to be a crowned head living in retirement.

German money doubtless is behind Villa. The Imperial threat to arraign Mexico against the United States is probably being carried out, however, futile the results may be.

The Pekin Tiger and The Pekin Morning Bell are roaring and ringing against that Japo-American agreement. What perfectly lovely titles they put on Chinese newspapers!

The last of the Bolshevik decrees was that no citizen could own more land than he could cultivate without hired help. Whereupon, another revolution arose and began doing business.

Don't forget the Y. M. C. A. fund. The committee needs your assistance. Step into any bank and leave what you can. Your few dollars may mean a brighter Christmas time for the boys now training to fight your battles.

CANNED

FEDERATION OF LABOR WORKS ON 165 RESOLUTIONS

BuTalo Convention at Standstill and Listens to Many Speakers.

GOMPERS' ADDRESS IS TOMORROW'S FEATURE

Labor Attempts to Put in Form What It Will Ask in Ship-building Trades.

BuTalo's 165 resolutions, submitted for consideration at the 37th annual convention of the American Federation of Labor, the delegates had another day of oratory in which speakers from two nations allied with the United States counseled international cooperation of labor in the nation's war plans.

John Hill and Arthur Hayday of the British Trades Union congress, and Wm. Lodge of the Canadian Trades and Labor congress told how the rank and file of their organizations have battled for democracy in the trenches and in the workshops.

"When the history of British patriotism is written," Mr. Hayday declared, "it will be found that no class showed greater patriotism than the British working men."

French Representatives.

Major Edouard Requin and Lieut. Francis Monod, officers of the French general staff, upon attached to the war college in Washington, spoke of France.

"With you and inspired by you," Lieut. Monod told the delegates, "France is in the factories and in the trenches fighting to win this war and we will succeed."

It is considered likely that the speech-making will end tomorrow with the annual address of Samuel Gompers, which he has postponed, pending a report from the committee on the annual report of the federation's executive council.

The resolutions committee, it is understood, devoted a greater part of today to the consideration of resolutions on industrial preparedness for the protection of skilled tradesmen in the United States in the post war period; the placing of all contracts on government work on the basis of an eight hour day; conscription of aliens and for the naming of an emergency labor supply commission.

Shipyard Labor.

The resolution on a labor supply commission, introduced by Vice President J. A. Duncan, is regarded as important as it deals particularly with the shipbuilding and metal trades, and in a measure outlines what union labor will ask as a guarantee to the safeguard of its members during a period of close cooperation with the federal government.

SEEK PENALTY CLAUSE.

Kansas City, Mo., Nov. 15.—After defeating a resolution to strike, the convention representing 35,000 coal miners of the southwest district, tonight passed a motion instructing the district presidents to confer immediately with officials of southwest coal operators' associations with a view of

WIDOWED MOTHER OF FRANCE TELLS OF SPLENDID AMERICAN BOYS WHO HAVE COME TO AID

The writer of the accompanying letter is a poor country-woman of France made a widow by the death of her husband in defense of France and of human liberty against the invader and destroyer. She was left with two little children, a girl born July 2, 1893, and a boy born March 23, 1913. The Bismarck man who sent money to aid the mother to keep the children with her at home and bring them up with a mother's care instead of being obliged to send them away to an orphanage, has received a letter detailing something of the situation of the family. It is interesting altogether. The item of very timely interest in reference to the American soldier in France as they appear to the people here. The names of the places mentioned are omitted from publication for the obvious reason that it would be giving information to the enemy in our midst, of whose presence we have sufficient evidence, to publish the names of the places mentioned in the letter.

"Out of the evils of this terrible war, of the benefits which will be derived will be the close bonds of interest and sympathy which will be knit between all the civilized, humane and liberty-loving peoples of the world. When our soldiers return, they will have broader and stronger sympathies with the people of the nations of our own kind and kin than they have ever had before, and this good feeling will be persistent to the end of time with a strong hatred of wrong and injustice," says the recipient of the letter, which follows:

(Translation.)
France, Oct. 6, 1917.

Monsieur:
I take upon myself to say that I have received your gracious letter of September 13. I thank you cordially for your sympathy and generosity. Your Americans are good-hearted. You have pity for those who suffer, even when they are far from you. May God bless you and reward you.

You ask me to write at length. It puts me to embarrassment, a poor countrywoman like myself to say anything of interest to an educated man like yourself. Still, I should reproach myself if I did not try to comply with your request. So here are some details in regard to my residence and my situation. I live in the hamlet of in the little parish of not far from which is a sub-prefecture of the department of Our department made itself noted by its heroic devotion to the royal cause during the French Revolution. It borders on the sea and is also contiguous to the department of in which is the port of and the large city of the places respectively of the disembarkation and of the concentration of the valiant American army. I have never gone into either of these cities; my humble situation does not allow me to travel. But I have seen some American soldiers on the 22nd of September at the fair at where I have gone many times. They are noticeable because of their large hats and their uniforms of such peculiar color. They are fine merry fellows, as we say among ourselves, and appear very active. We owe to them the decisive victory over cruel Germany. May that victory be near. In France we are all filled with admiration and gratitude toward the United States for joining us in the defense of liberty; ours and that of all the peoples whom the Germans presume to dominate. It is altogether fine and grand on the part of you Americans.

I am a farmer woman. My father is a mason, and my husband used to work with him. Then we took up farming. We were so happy when the terrible war came and took away my husband forever. How many women, alas, are in the same case as myself. My brother-in-law, Emile Malecot, was also killed. Our family has been sorely tried. I continue to cultivate the field because it is necessary that the ground should produce food for the army. The women of this place work hard; they have replaced the men in much of the agricultural work. I think of my two little children. They are my consolation. I labor to bring them up. That which you have sent me for them of your benevolence has rendered me great service. I thank you again. They both go to school. They are small to be helpful to me yet, except that Anne Marie, who is eight years old, begins now to take hold of some household matters.

I am glad that my son was born in the same month as yourself. The month of March will recall to me your birth together with that of my little Georges, and I shall not fail to join your name with his in my prayers. From this time on I ask that God may give you happiness in the world. I close, begging you to accept, Monsieur, the profound and respectful gratitude of my children and of myself.

Veuve Malecot,
nee Jean Laurence.

BRADEN GOES TO ROME.

Baltimore, Md., Nov. 15.—George W. Braden, athletic director at Camp Meade, the national army camp in Maryland, was notified today of his appointment as physical director in chief of the Italian army. His headquarters will be in Rome and he will leave this month.

JENKINS IN THE RANKS.

White Sox Catcher in World's Series Joins the Colors.
Atlanta, Ga., Nov. 15.—Joe Jenkins, a catcher of the world's champion Chicago White Sox team has arrived at Camp Gordon as a select man. He came with about 70 Tennesseeans.

TRIBUNE FINANCIAL DEPARTMENT

SLIGHT DECLINE DAYS SALE

Stringent Measures Against Speculative Trading Limit Operations.

STOCKS OPEN HEAVY AND CLOSE AT MEDIUM POINT

International Bonds Improve in Tone But Domestic Issues Are Irregular.

New York, Nov. 15.—A pronounced diminution of operations, probably due to the more stringent measures taken against speculative trading, was the outstanding feature of today's business on the stock exchange. Dealings dwindled to the small total of 350,000 shares, or less than the average week end session.

Short Selling Blacked. But for these precautions the day possibly might have witnessed further heavy liquidation and short selling. Over night events, notably the more acute railroad labor situation and the government's financial program as outlined by the secretary of the treasury were not accepted as bullish market factors.

Additional ground for pessimism was furnished by the absence of definite advices from Russia and Italy and renewed weakness of liberty bonds. Adverse quarterly reports or leading copper producers bore significantly upon changed conditions in that industry.

Money Rates Steady. The money market was in no wise disturbed by shifting of loans resulting from payment of an 18 per cent installment on the second liberty loan. The local money pool offered round amounts on call at 4 per cent, but time funds hardened on a slight increase of demand.

Stocks opened with a heavy tone, rallied irregularly and fell back at the intermediate stage, when inactive specialties broke three or five points. Prices rallied materially in the last hour on a sudden inquiry for shippings at gross advances of 3 to 6 points. Industrials and rails recovered more moderately, but the entire list, except for isolated shares, closed at rallies of one to three points from lowest levels.

Bond Operations. International bonds improved slightly, but domestic issues were irregular. Liberty 4's ranged between 99.80 and 99.24, closing at 99.59, the 3 1/2's falling from 98.90 to the new minimum of 98.46, but rallying to 99, and closing at 98.94. Total sales (par value) aggregated \$4,120,000. United States bonds (old issues) unchanged on call.

PRICES OF CORN IN LOWER TREND

New Grain Reported on Way Leads to Indifferent Tone on the Board.

CORN CONSIGNMENTS FROM IOWA IMPROVE

Rumors That Federal Authorities Are After Bulls Quietening Influence.

Chicago, Nov. 15.—Likelihood of increased arrivals of new grain did much today to make corn prices average lower. There was a nervous close at the same as yesterday's finish to half a cent down, with December at \$1.19 1/4 and May at \$1.15 to \$1.15 1/4. Oats scored a net advance of 1/4 to 3/4 c. Latest figures on provisions varied from 7c decline to a rise of 55c.

Despite some rallies the corn market during most of the session displayed a tendency to sag, especially at the outset and near the end. Notices of enlarged consignments from Iowa attracted particular attention, and were accompanied by bearish advices of a notable lowering of moisture content, a circumstance which would imply shipments of better quality than has of late been the rule. Reports that several leading speculators on the bull side of the market had been called before the federal district attorney counted further against advances, and so likewise did eastern rye embargoes and fresh efforts which the food administration put forth to bring about a more plentiful meat supply.

Evidence of an active demand from the seaboard lifted the oats market. Provisions had good support from stockyard interests. The chief basis for purchasing was talk of making the minimum price of hogs \$16.

CONFERENCE FOR PEACE ATTENDED BY TEUTONS ONLY

No Representatives of the Entente Powers Appear for the Swiss Confab.

Washington, Nov. 16.—Through Zurich, Switzerland, there came today a cable report from Bern of the collapse of the projected pacific conference which was to have been held in the latter place. At the first and only sitting Monday the conference adjourned to the last of December because there were no entente representatives, though of the central powers Derenbarg, Erzberger, Karolyi and others were in attendance ready to set out their views.

LAKOTA WOMAN DIES

Mrs. Daniel Campbell has Resided in County 35 Years.
Lakota, N. D., Nov. 16.—Mrs. Daniel Campbell, a resident of Clara township for 35 years, is dead at the age of 67. The deceased was born in Nova Scotia.

SALE OF HEREFORDS.

Pierre, S. D., Nov. 16.—At a sale of Herefords from the L. T. Riggs herd at Oahe, held here today, the average price paid for cattle of all ages was more than \$400 per head, the highest price being \$550 for a six months' old calf. The proceeds of the sale were more than \$20,000.

"Hell's Hinges." William S. Hart's greatest picture will be shown at the Orpheum tonight.

Vegetables, Salads, Jelly For Thanksgiving Table

By BIDDY EYE.

The turkey is not entitled to all the attention of the hostess and guests at the Thanksgiving feast. He must share honors with the lowly vegetable. For Thanksgiving is essentially a harvest festival and the fruits of the garden should liberally flank the kingly brown bird.

Autumn vegetables such as onions, carrots, beets, turnips, potatoes and squash are especially appropriate.

The salad too is an important bit of the menu and usually commands the honor of a separate course. Jellies and tart sauces are desirable accompaniments of the rich and heavy meal and a few recipes for each of these necessities are appended.

Glazed Onions.

Small, silver skinned onions should be peeled and boiled in salted water until they are tender. After being drained well they should be tossed with a mixture of melted butter in which a little sugar is stirred, repeating until the onions are delicately brown.

Baked Squash.

Four cupsful of hot steamed squash should be put through a sieve. Add to squash 2 tablespoonsful of brown sugar, 2 teaspoonfuls salt, 1 1/2 teaspoonfuls pepper and 2 cupsful of whole milk, with the beaten yolks of 3 eggs. Fold in the whites of 3 eggs beaten stiff, and bake in a buttered baking dish until brown.

Thanksgiving Fruit Salad.

Individual salads. Arrange thick slices of Hawaiian pineapple on lettuce leaves. Cover pineapple with a layer of marshmallows, heap with peeled segments of grape fruit, and top with marshmallow. Serve with cream mayonnaise dressing.

Thanksgiving Vegetable Salad.

Wash and drain a can of French peas, but do not heat. Mince 1 cupful of turkey or chicken giblets, or cold roast veal. Chop fine two boiled carrots and with the meat add to the peas and mix lightly. Add 1 cupful of English walnut meats chopped and moisten the salad with mayonnaise dressing. Serve on lettuce leaves with crisp red radishes cut in flower shapes.

Mint Jelly.

Mint jelly is best if made only a few days before using. It is really a tart apple jelly with mint flavoring which renders it delicious for serving with meat and fowl. Pare and quarter tart apples and nearly cover with cold water. Cook slowly until apples are soft then crush and drain through cheese cloth bag, without squeezing. Boil juice 20 minutes and add an equal quantity of heated sugar. Boil 5 minutes, skim, add green vegetables coloring matter and flavor rather strongly with cream de menthe or essence of peppermint. A few fresh mint tops should be used when the jelly is served.

Cranberry Jelly.

Pick over and wash 4 cupsful of cranberries. Put in a stewpan with 2 cups of boiling water and boil 20 minutes. Rub through fine sieve and add 2 cups of sugar. Boil 5 minutes and turn in to single mold or small individual molds.

Henna Towels For Section.

Fifty dozen of towels were hemmed by the Royal Neighbors Thursday afternoon at a gathering of members held in the home of Mrs. E. J. Schultz in Second street. They will be given to the Bismarck Surgical section of which Major E. P. Quain is head.

Entertains Old Friends.

Mrs. Joseph Wood entertained eighteen of her old time friends this afternoon at her home in Third street. The hostess is one of the pioneer residents of the city and the guests included only a limited number of her intimate friends. Clusters of white asters were used in the appointments. The afternoon was spent in knitting articles for the Red Cross.

Clarke Spangenberg, Nuptials.

A wedding of interest was solemnized Thursday evening in the apartments of Mrs. Minnie Clarke-Budlong in Fourth street, when her niece, Miss Merle Clarke or Francis, became the bride of Harvey G. Spangenberg of Valley City. The service was read at 6 o'clock by Rev. H. C. Postlethwaite of the Presbyterian church and was

supplemented by a wedding dinner at the McKenzie. The bride, who is the daughter of C. W. Clarke formerly of Stewarddale but now of Foley, Ala., was gowned in a traveling costume of navy blue. They were unattended. The groom is in charge of the Valley City Tractor company farm near Francis. Later Mr. Spangenberg and his bride will leave on an eastern wedding trip to include Minneapolis and other eastern points. Mr. and Mrs. Clair L. Coddling, the former principal of the Mandan high school, were among the wedding guests. Mrs. Coddling is a sister of the groom.

For November Bride.

Miss Katherine McGarvey will entertain this evening at her home in Second street, complimentary to Miss Lillian Mae Morris, daughter of Mrs. Lydia Morris of near the city, whose marriage to Sam E. Turnbow of Bingham, Minn., will be an event Wednesday, November 28th, in St. Mary's pro-cathedral. Miss McGarvey will be one of the wedding attendants.

Don't fail to eat your lunch at Peterson's Dairy Lunch.

SOCIETY

High School Contributes Large Sum Toward The War Y. M. C. A.

The Bismarck high school goes on record as contributing the large sum of \$473.50 towards the War Y. M. C. A. fund, \$73.50 more than the amount asked for. Already \$140 of this amount has been paid in. The four classes are contributing separately. The freshman class, the largest in the school, leads the campaign, pledging \$120.75. The sophomore rank second, contributing \$118. The juniors contributed \$108 and the seniors \$68. Members of the faculty contributed \$52.

The success of the campaign in the school was wired to the state headquarters in Fargo by C. F. Bolt, principal.

Frank Thrane was general chairman and the committees were made up of the following: Freshman class—Charles Burke, chairman; Florence Jager, Margaret Smith, Bruce Wallace. Sophomore class—Warren Taylor, chairman; Brenda Jones, Theodosia French, Frances Kelly. Junior class—Lloyd Couch, chairman; Don McCoy, Dorothy Skeels, Pauline Lobach. Senior class—Leslie Harrison, chairman; Mary Murray, Conrad Vegen, Irene Hagen.

VICTROLA FEATURES THE GREAT POET RILEY

One of the special features of the November records for the Victrola is the singing of the works of James Whitcomb Riley, the noted American poet. Alma Gluck is singing "Prayer," "There's a Little Girl, Don't Cry." Another of his works is given in recitation by Sally Hamlin entitled "Little Orphan Annie."

Other big features are Galli-Curci singing of "Could I Believe" from Bellini's Sonambula and Martinelli's singing of "Thou Hast Spread Thy Wings to Heaven" from Donizetti's tragic opera "Lucia." John McCormack is singing a war song "Send Me Away With A Smile" and "The Sweetest Story Ever Told" is sung by Sophia Braslau. The list of records are featured with military songs, and both instrumental and string numbers.

To Return From East

Mrs. N. O. Ramstad who has been spending several weeks in New York city with her aunt, who is ill, is expected home next week.

To Sell Cards

Members of St. George's Guild of St. George's Episcopal church have secured a fine line of Christmas cards, which they will dispose to their friends. Any member of the guild will be glad to fill orders for these timely gifts.

Bids Nurse Farewell.

A large assembly of the nurses and physicians gathered at the Northern Pacific depot last evening to bid farewell to Miss Olga Engstrom, who left on Nov. 14, for American Lake, Wash., to take up active work for the government.

Chicken Supper.

The women of the Presbyterian church of Stewarddale will serve a chicken supper in the church parlors this evening. A committee of women have been working on it for some time and a splendid menu will be prepared. The first service will be at 6 o'clock.

Entertains Clubs

Mr. and Mrs. Cecil Burton entertained members of the bridge club Thursday evening at their home in Sixth street. Three tables were played for bridge. Mr. and Mrs. J. W. Hinggen of Mandan were the visiting guests. The Thanksgiving week meeting will be postponed.

Homan-Frame Nuptials

Harry E. Homan, oldest son of Mr. and Mrs. John Homan of Fourth Street, and Miss Marian Frame of this city were married this morning in the chapel of St. Mary's convent. Rev. Father Hiltner read the service at 7:30 and they were attended by Miss Florence Homan and Paul Homan, sister and brother of the groom. Only the immediate family attended. Mr. Homan and his bride departed on No. 4, for Minneapolis where they will spend some time before going to Randolph, to visit relatives of the bride. They will reside in Bismarck.

Active in Club Work.

Mrs. W. F. Cushing of Fargo who formerly of this city has been honored by the Women's clubs of that city, being made honorary member of the Music Section to the Fine Arts club and an active member of the Writers' section of the same club. She is also interested in the work of other organizations. At a meeting of the Writers' section this week Mrs. Cushing read a play, "The Renovation of the Fargo Post," which is published by her husband.

Pupils' Recital.

Miss Grace Myers presented her older piano pupils known as the "B Sharp Circle" Thursday evening in recital at her residence studio in Rosser street. Miss Alice Webb was the leader and the roll call was responded to by excerpts from the repertoire of famous German musicians. The study of Gypsy music was continued and the program was featured by the following numbers:

Shepherd's Evening Song.....Blake
Bohemia.....Schlaiforth
Dorothy.....William Newcomb
Dorothy.....Dorothy Parsons
Scarf Dance.....Chaminade
Triumphal March ("Aida").....Verdi
Fanny Nichols
Polish Dance.....Rubens

Paper—Life of Joachim, the Violinist
Mabel Parsons, MacDowell
"Hungarian".....Blanche Myers

Musical Club Meets

At a meeting of the Thursday Musical Club Thursday afternoon with Mrs. J. A. Graham in person court, it was decided to contribute \$50 to the War Y. M. C. A. fund, the

same to be paid over to the local committee this week. The life and works of MacDowell were studied and the program was featured by a paper on the composer by Mrs. Arthur Bolster, piano duet, "In a Haunted Forest" by Mrs. A. D. Galusha and Mrs. Cecil Burton, voice numbers by Mrs. F. R. Luehe. "Songs from an Old Garden" Op. 26 Caruso's "Dreams of Long Ago," and the singing of the North Dakota song by the club. In connection with the playing of the piano duet Mrs. Burton read a communication from W. H. Kumiston, a former pupil of MacDowell and now assistant conductor of the New York Philharmonic Club telling of many of the intimate characteristics of the composer's life. Mrs. Graham was the leader in place of Mrs. E. H. L. Vesperman who is absent from the city. The next meeting of the club will be held Thursday, December 6, with Mrs. John Larson as hostess.

PERSONAL NOTES

Mrs. Florence Davis, librarian for the Bismarck Free Library, has taken an apartment in the Person Court and moved into same Thursday. Mrs. Davis' small son and mother will arrive in the city shortly from Grand Forks to make their home here.

Mr. and Mrs. Stewart Cummings and family of Third street, moved today to Wilton, where they will make their home.

Miss Irene Dillon, superintendent of the Mandan hospital, was in the city Thursday visiting friends.

Mrs. R. D. Corwin of Eighth street, returned Thursday from Taylor, where she attended the funeral of her brother.

Fred Humphreys of the Grand Pacific, and sister, Miss Humphreys of Philadelphia, expect to leave next week for Denver, Colo., where they will spend the winter.

Mrs. Cecil Burton and children of Sixth street, will leave the first of December for the east and Florida where they will spend the winter.

HOW TO BE A RED CROSS NURSE

ONE OF THE GREAT TASKS WILL COME WHEN MAIMED SOLDIERS RETURN TO BE "REBUILT"

MABEL BOARDMAN

By MABEL T. BOARDMAN, President American National Red Cross.

Charity and kindness must run to meet the tragedies of war. We cannot afford to wait until they are upon us. I do not like to remind all who come to see me asking for national service under the Red Cross of this. There are thousands of simple tasks, but to some this message must go in time for preparation.

War does not alone kill the young men of the land. It leaves great numbers blind and broken. For these there must be some salvage and expert guidance back into the semblance of normal usefulness.

Few of the mutilations of war are without their counterparts in peace—blindness, crippled and amputated limbs, deafness. The nation that saved the unfortunates of peace best will have the largest stock of science to meet the wreckage of war. It is in the blind asylums of peace time that Winifred Holts first do their work; in the homes for crippled children that the fine experiments with crippled limbs are worked out. The work that will begin six months from now is a strangely beautiful combination of nursing and teaching.

"The heaviest burden on the blind," Helen Keller said once, "is not blindness but idleness, and they can be relieved of this great burden. Give the blind man the help that shall secure him comfort or partial independence."

The French soldiers blinded in battle have found teachers who have offered themselves in war service and been willing to teach the fingers of these men to see a way to new trades and professions. Blind weavers, stenographers, potters, have found a chance to work at these new trades. If we are to be ready for these

"Warms me up on the inside"—Bobby

POST TOASTIES

COLD WEATHER CORN FOOD

best to aid him then? Well, war means this. Every woman must say to every other, "Thy son shall be my son, thy son's sorrow shall be mine." This is the problem we must meet. The money should come quickly. And over the country everywhere women should study the peace time institutions for succoring the blinded and crippled.

MARGUERITE CLARK

Marguerite Clark has played almost every conceivable character on the screen from the delightful little "Molly Make Believe" and "Little Lady Eileen" who believed in fairies to "Snow White," who was a sort of fairy princess herself. But during the time that she has been appearing on the screen the Famous Players have never given her the role of an actress until she played Fifi in "The Fortunes of Fifi," which is the Paramount Picture at the Bismarck Theatre Monday.

The story, which was written by Molly Elliott Seawell, concerns a little French actress and her aims, ambitions, romance, near-tragedy and final good fortune. In it Miss Clark does some of the most delightful work of her screen career, playing the actress with a delicate touch that is refreshing and irresistibly charming.

BOOZE CAN'T GO OVERSEAS, COMES TO FLASHER GIRL

Mascot of Co. A Makes Long Journey Alone from Camp Greege, Charlotte, N. C.

Flasher, N. D., Nov. 18.—Miss Len Trugger, enjoys the distinction of being the first Flasher young woman to receive a consignment conspicuously labeled "Booze" since North Dakota became a dry state. This particular "Booze" is an interesting puppy who had hoped to go to France with Co. A, First North Dakota, of Bismarck. When the hat went forth denying was not a place on U. S. Transports, as Master First Sgt. Owen L. Posner of Co. A, shipped the now how to Miss Trugger. He came through wearing a tag. My name is "Booze" I belong to Co. A 104th S. Infantry. I am eight months old and have been with Co. A all my life. I understand they do not allow us dogs to go to France, so I have hit the trail for home.

TWIN BROTHERS COACHED RIVAL FOOTBALL TEAMS

When Wesleyan and Rochester University met on the football field recently it was a case of the old tale of "brother against brother" and twin brothers at that. Two brothers, both doctors, both athletes, and football experts, coached the opposing teams.

FEAR OF A BLACK EYE ON HIS WEDDING DAY CAUSED PETE HERMAN TO WED BEFORE FIGHTING FRANKIE BURNS

New Orleans, La., Nov. 18.—An American flag and a pretty girl were the main attractions of the fight between Pete Herman and Frankie Burns in his victorious fight with Frankie Burns for the bantamweight championship of the world. The pretty girl was his bride of a day waiting at his home for his return, and the American flag was given to him by soldiers of Jackson Barracks at New Orleans just before he began the 20 round fight that resulted in his retaining the championship. The bride was Miss Anna Le Blanc, 21 years old, daughter of Mrs. Albert Le Blanc of this city. She and Herman, whose real name is Gulotta, also 21, were childhood playmates long before Pete ever thought of prize fights and championships that earned him \$300 a round, or \$600 for a 20-round bout.

That \$600 check was a wedding present for Mrs. Gulotta. The gloves Herman wore in the fight with Burns and the American flag he was given by admiring fighters of Uncle Sam are hanging side by side in the Gulotta home. Herman and his sweetheart were married at St. Augustin's church the day before the light because, Herman explained, "he was liable to have a black-eye or something that wouldn't look good at a wedding the day after the fight."

NOTICE OF CHATTEL MORTGAGE SALE.

Notice is hereby given, that default has been made in the conditions of that certain mortgage made by B. H. Bremer of Regan, county of Burleigh, and state of North Dakota, Mortgagor, to W. J. Hollingsworth, of Regan, county of Burleigh, and state of North Dakota, Mortgagee, dated, the 12th day of April, 1917, to secure the following indebtedness, to-wit: One certain promissory note dated April 7th, 1917 due seven months after date, with interest at 10 per cent per annum for the sum of Two Hundred and Ten (\$210) Dollars, which mortgage was duly filed in the office of the register of Deeds of Burleigh county, state of North Dakota, on the 25th day of May, 1917, at three o'clock p. m. That said mortgage was assigned on the 9th day of April, 1917 to Herbert Bailey of Regan, North Dakota, and that said note secured thereby was delivered and endorsed to said Herbert Bailey, that the said Herbert Bailey is now the assignee and owner of the said mortgage and the note secured thereby. That said default is of the following nature to-wit: That the said note is past due and payable and no part thereof has been paid; that there is claimed to be due on said mortgage at the date of this notice the sum of Two Hundred Twenty-two and 26/100 (\$222 26/100) Dollars for principal and interest.

And that said mortgage will be foreclosed by a sale of the personal property in such mortgage and hereinafter described, at public auction, agreeably to the statutes in such case made and provided, at the front door of the post-office, in the town of Regan, in the county of Burleigh, state of North Dakota, at the hour of two o'clock p. m. on Friday, the 23rd day of November, 1917. The personal property described in said mortgage which will be sold to satisfy the same is the following, to-wit: One Model "T" Ford Touring car No. 127738 with electric lights and top complete. Dated the 15th day of November, 1917.

BIDS WANTED
Bids will be opened by the board of trustees of the McCabe M. E. church of Bismarck, North Dakota, at said church, on the 20th day of November, A. D. 1917, at 8 o'clock P. M. for the finishing of the men's room in said church according to plans and specifications thereof on file with the undersigned secretary of the said board. The right is reserved to reject any or all bids.
Dated November 14th, A. D. 1917.
GEO. M. REGISTER,
Secretary of said Board
Bismarck, N. D.

Mandan News Bureau

MANDAN OVER THE TOP NICELY IN Y. M. C. A. CAMPAIGN

Morton County Seat's Quota Reached Wednesday Evening—Money Still Coming

Mandan's subscription to the Y. M. C. A. fund reached its allotment of \$3,000 Wednesday night. Over half of that amount had been donated by Monday afternoon, the first day of the week drive. About 550 people contributed to the fund up to Wednesday night. Smaller subscriptions have been coming in steadily, the larger subscriptions all having been secured in the early part of the week. Five \$100 subscriptions were made by various Mandan business concerns.

County Chairman H. K. Jensen received reports Wednesday from various localities in the county but no figures were available. Indications show that the county will reach its quota with little difficulty, according to Mr. Jensen.

The Mandan committee was on the street bright and early Monday morning with W. H. Ordway as chairman. There are twenty Mandanites besides Mr. Ordway who served on the committee, each and everyone contributing to his share of the soliciting and other necessary work, as follows: Chairman W. H. Ordway, R. S. Johnson, Fred McKindry, G. F. Wilson, James Smith, G. I. Solun, Anton Olson, M. L. Sweet, G. A. Renden, George Bailey, Ed Miller, C. R. Robertson, J. W. Hintgen, Frank Herder, E. J. Conrad, Walter Tostevin, Earl Peterson, Lee Nichols, Henry Pfennig, J. C. Iverson, J. A. Biggs.

BIG HORSE SALE.
The largest horse sale to take place in this locality was held Wednesday at Sunday when the government purchased 63 of 600 horses brought there for sale through their contractor E. S. Delancy of Valley City. The aggregate proceeds amounted to \$10,000 and possibly a little more. The average price per horse was better than \$150. Captain Scott, cavalryman and expert horse buyer and veterinarian, carefully inspected all the horses and either purchased or rejected them. Over 300 of the horses brought for sale were rejected either because they were not fit for army use or because the price offered was not satisfactory.

KOTTICK-FREDERICK.
A very pretty wedding was solemnized at the home of Fritz Frederick in the syndicate Wednesday morning at 10:30, when their daughter, Miss Katie, was united in marriage to Joseph Kottick, Rev. C. J. Fylling officiating. The bride wore a beautiful gown of white satin and carried a bouquet of roses. She was attended by Miss Rose Keidle. The groom wore a blue suit and was attended by Fred Frederick. Following the ceremony a delicious dinner was served the guests.

Visiting at Krauses.—Mrs. Mary W. Krause of Wilcox is in Mandan for a few days visiting at the home of Mr. and Mrs. C. H. Krause. She will return home tomorrow.

Returned to Regan.—William Ross, who had been in Mandan for a few days visiting with his daughter, Mrs. Henry Malarky, has returned to his home at Regan.

Accepts Collection Job.—Miss Rosa Rumbur of this city has accepted a position as collector for the Singer Sewing Machine company of this city under the management of Henry M. Volquardsen.

Spouse Coming Here.—Trainmaster and Mrs. C. T. Sponsel, who will soon move to Mandan to make their home, have rented the E. G. Collins house recently occupied by Trainmaster and Mrs. J. I. Mulroy. Mr. Sponsel will succeed Mr. Mulroy as trainmaster on the north and south branches and as far east as McKenzie on the Main Line.

Mandan High Looks FORWARD TO SUCCESS IN BASKETBALL ARENA

Coach Bestul Declares Squad now Being Whipped into Shape a World-Beater

Prof Bestul of the Mandan high school, says that the M. H. S. basketball team is being picked and that by the middle of next week he expects to have the squad for the ensuing season chosen and assigned to their various positions on the team. The first meeting for the purpose of discussing basketball was called this week. It is expected that a large number will try for the team. The various classes will have basketball teams, and the best material will be selected from each team to represent the M. H. S. No games have been scheduled as yet.

Moved to Mandan.—Mr. and Mrs. Fritz Frederick, pioneer farmers, have moved to Mandan to make their future home. They have taken up residence in the Syndicate.

Visiting in Glen Ullin.—Mrs. John F. Tavis is in Glen Ullin for a few days visiting at the home of her husband's parents, Mr. and Mrs. L. F. Tavis.

Assumed Clerical Position.—Miss Lu. McCadam will on Monday assume duties as clerk in the Arcade Novelty store.

To Valley City.—Mrs. H. H. Warren and daughter, Miss Kathleen, will go to Valley City tomorrow and spend until Monday there visiting with relatives and friends.

To Leave for Coast.—Mr. and Mrs. I. W. Wickham and son, will leave the early part of next week for a two weeks' pleasure trip to Auburn, Wash., and Portland.

Home from Iowa.—Mrs. Ole Carlson has returned home from Sioux City, Iowa, where she visited with her daughter, Mrs. Roy Wolfing.

To Minneapolis.—Mrs. E. I. Jacobson expects to leave in the very near future for Minneapolis, where she will make her home.

Left Last Evening.—Mr. and Mrs. William Peters returned to Spokane last evening after having spent several days in Mandan at the home of the former's sister, Mrs. Agnes Lang, and at the home of Mr. Peter's father, who lives a few miles south of the city.

Four Minute Men Talk.—Attorney C. F. Kelsch will give the four minute talk at the Palace this evening. Attorney E. W. Shaw spoke Tuesday evening. Both talked on the Y. M. C. A. work.

Novelty Store.—"The Wonder Store" is the name of the new novelty store to be opened December 1 in the Lewis & Clark hotel. M. S. Lang, the proprietor, says he has purchased as complete a stock as can be carried.

Dance This Evening.—The Royal Neighbors will give a dance at the M. A. C. hall this evening. About 100 invitations have been issued and a big time is planned. The Mandan orchestra will furnish the music.

Mrs. C. C. Leonard of Raleigh. passed away in Mandan at 2:30 o'clock yesterday afternoon. Death was caused by tuberculosis from which she had been a sufferer for the past several months. It is planned to have the funeral at Flasher tomorrow afternoon.

The deceased was born February 14, 1873, near Jefferson, Ia. About 12 years ago her parents, Mr. and Mrs. John Leach, came to Morton county to make their home and located near Raleigh. There she met C. C. Leonard, and on May 20, 1908, they were married. To the union there were two children born, Helen, eight years old, and Charles, seven, both of whom, with Mr. Leonard, survive.

James McKindry, who had been in Rochester, Minn., where he had taken his son Alfred, to undergo an operation, returned yesterday. An operation is not deemed necessary, which will be good news to the many friends of the McKindry family. The baby will be required to stay at the hospital to undergo treatment for several days, however. Mrs. McKindry

LADIES \$1000 REWARD. I positively will pay \$1000 to any woman who will give me the location, most convenient, of a place to sell my goods. No money, paid or interest, with work. Mail to: Double Star, 1000 Main St., Bismarck, N. D. or to: M. A. B. SOUTHWORTH BUREAU CO., SPOKANE CITY, ID.

CONSTIPATION INVITES DISEASE
A reliable laxative is necessary to the comfort and health of any individual. Constipation is a condition that affects in greater or less degree, practically every member of the family. When the bowels become sluggish, the system is affected, the action is impaired, nervousness, irritability, indigestion and various ailments are the result. A prominent French scientist has discovered that constipation is directly traceable to inactive bowels. More than a quarter of a century ago Dr. W. B. Caldwell prescribed a combination of simple laxatives, known as "Caldwell's Syrup of Figs," which is now the standard remedy in thousands of homes. This prescription is sold by druggists for fifty cents a bottle. Under the name of "Caldwell's Syrup of Figs," a trial bottle can be obtained, free of charge, by writing to Dr. W. B. Caldwell, 100 Washington St., Bismarck, N. D.

DOINGS OF THE DUFFS.

TOM, YOU'RE LUCKY

By Allman

HEBRON NEWS

The German Congregational church celebrated their annual mission festival last Sunday. Services were held in the morning, afternoon and evening. Rev. F. O. Brose of Blue Grass delivered the main addresses. Large crowds were present at all of the services.

Louis Kohne left recently for Illinois and Wisconsin where he will spend several weeks visiting friends and relatives.

Mr. and Mrs. Chris Ulmer are visiting relatives in South Dakota.

A committee of the Commercial club has been pushing the establishment of an evening school in Hebron. A meeting was held at the school Monday evening but not all who were interested found it possible to be present. Another meeting will be held Thursday evening at which time it is expected that the school will be definitely started. About forty have signified their desire to attend.

Charles Gregory, now of Hazelton, is in Hebron packing his household goods to move them to that place.

The Commercial club held its regular monthly meeting Tuesday evening in the hall. A good number of the members were present and a number

of important committee reports were heard.

The school board has employed two additional teachers to have charge of the seventh grade and a section of the first grade, respectively. Both will arrive in Hebron during the week and will begin work immediately. The seventh grade will be moved to the Congregational church which has been secured for this purpose temporarily.

J. H. Watts, W. H. Ritchie and C. L. Robertson have been appointed a committee to secure contributions for the army Y. M. C. A. during the present week.

Rev. N. Hass, Miriam Hass, Mrs. A. C. Brown, and Mrs. C. L. Robertson, who is in the Bismarck hospital.

KINTYRE

There will be services in the church morning and evening next Sunday.

Frank and Leslie Haines were called home because of the death of their father.

The Ladies' Aid will hold a bazaar in the hall Dec. 5.

Mrs. Hadden was taken ill Friday evening and is confined to her bed. Her mother and father, Mr. and Mrs.

Davidson, were called to her bedside and arrived Sunday via Steele.

Mrs. Sealy, who returned recently from a several weeks' visit in the east, is again under a doctor's care.

Prof. Koerig gave an interesting lecture in the church Saturday.

The Ole Sande family left Monday for southern Minnesota, where they have rented a farm.

The Ole Tin family left by auto Wednesday for South Dakota and Minnesota, where they will spend the winter.

Frank Hart runs a roller rink in his building—open Tuesday, Thursday and Friday evenings.

H. C. Conder made a business trip to Napoleon last Saturday.

PATRIOTIC OCCASION

Interesting Addresses on Naturalization Day in Ramsey

Devils Lake, N. D., Nov. 15—Naturalization day in the Ramsey county district court was made an unusual patriotic event, with excellent addresses from Edward F. Flynn, president of the city commission; Frederick T. Cuthbert and Rev. Charles Chester of Edmore.

The program was arranged by Judge Butler, who invited the public to attend, hear the addresses and witness the administration of the oath of allegiance.

THROWN UNDER MOWER AND DRAGGED TO DEATH

Bucyrus, N. D., Nov. 16—Henry Spencer was thrown under a mower and dragged to death at his home near here. Death is thought to have been due to strangulation, as when the team was stopped it was found that his neck had been caught under the pulley of the mower. A widow and two children survive.

LORD NORTHCLIFFE ASSERTS THERE WILL BE NO TRAGEDY OF UNITED STATES IN WAR

British Editor Responds to Invitation of Lloyd George to Enter Cabinet.

AMERICA FITTED TO LEAD IN MANAGEMENT

Vigorous Admonition to British Government to Speed Up Its Efficiency.

London, Nov. 15.—Lord Northcliffe's letter to Premier Lloyd George, dated from the London office of the British mission to the United States, was as follows:

"Dear Prime Minister: I have given anxious consideration to your repeated invitations that I should take charge of the new air ministry. The reason which impelled me to decline that great honor and responsibility are in no way concerned with the office, which is rightly to be set up. They are roughly as follows:—

"Returning after five months spent in the virile atmosphere of the United States and Canada, I find that while these two countries are proceeding with their war preparations with a fervor and enthusiasm little understood on this side of the Atlantic; while the United States instantly put into operation conscription over which we wobbled for two years, and are making short work of sedition mongers; while Canada already has given such proofs of thoroughness in the disfranchisement of conscientious objectors and the denaturalization of all enemy aliens naturalized within the last 15 years; while we, for our part, are asking immense sacrifices from these peoples, there still are in offices here those who dally with such urgent questions as that of unity of war control, eradication of sedition, mobilization of the whole man and woman power of the country and the introduction of compulsory food rations.

Personal Experience.

"I had personal experience while in America of the obstruction and delay in certain departments in London, which, for example, postponed sending Lord Reading's vital and most successful mission. I find the censorship still being misused and that men in various positions of authority who should have been punished, have been retained and in some cases elevated. The spirit of the men and women of Great Britain is clearly as eager and splendid as ever. We have, in my belief, the most efficient army in the world, led by one of the greatest generals and I am well aware of the fine achievements of many others of our soldiers, sailors and statesmen, but I feel in the present circumstances that I can do better work if I maintain my independence and am not gaged by a loyalty that I do not feel towards the whole of your administration.

"May I also take this opportunity of giving warning about our relations with that great people from whom I come. We have had the tragedy of Russia, partly to lack of allied propaganda to counteract that of the Germans. We have had the tragedy of Italy, largely due to that same enemy propaganda. We have had the tragedies of Serbia, Rumania and Montenegro. There is one tragedy which I am sure we shall not have, and that is the tragedy of the United States.

May Take Over Management.

"But from countless conversations with leading Americans I know that unless there is swift improvement in our methods here, the United States will rightly take into its own hands the entire management of a great part of the war. It will not sacrifice its blood and treasure to the incompetent handling of the affairs of Europe.

"In saying all this, which is very much on my mind, believe me, I have

Eclipse of Broadway's Lusty Rays

Bright Lights of Great White Way Dimmed by Order of the Defense Council.

POWER IS APPLIED TO BETTER PURPOSE

New York, Nov. 15.—War's necessities dimmed Broadway's bright lights last night. For near three hours after dusk that famous thoroughfare was in semi-eclipse because of the federal fuel administrator's decree that the fuel which has supplied current for huge electric signs can be used to better advantage. The home-going throngs of the rush hours did not need lanterns to find their way about, for the regular street lamps were lighted as usual, but the gloom was in marked contrast to the usual glare.

Promptly at 7:45, however, the millions of electric bulbs on the "great white way" flashed into life and they were greeted with cheers by the crowds that are ever present on Broadway.

The big signs blazed until 11 o'clock and then were snuffed out just as the theater throngs were pouring into the streets. Here and there were cases of lights where modest signs illuminated the portals of some famous hotel or restaurant. But it didn't seem like Broadway.

AMERICANS JOIN CANADIANS.

New York, Nov. 15.—Fifteen recruits have been enlisted in the United States by the British and Canadian recruiting mission. It was announced here tonight by the mission.

IS NORA BAYES TO WED A MOVIE ACTOR

A horrible suspicion about Nora Bayes is abroad in New York—the rumor that she is to wed a movie actor. However, the fortunate man in question is not a run-of-the-mine movie actor, but Major Lord Robert Inniskerr of His Majesty's Royal Irish Guards, famous polo player with movie ambitions.

RAIL LINES ASK FEDERAL LOANS

Thorne Agrees with President Rea as to the Policy of Loans to Carriers.

STILL WIDELY DIFFER ON MATTER OF RATES

Washington, Nov. 15.—The question of the government loaning money to the railroads was brought forward the first time officially today at the cross examination of eastern railroad officials in the 15 per cent advance rate case before the interstate commerce commission. Samuel Rea, president of the Pennsylvania road, said that he believed that government should be seriously considered, and later Clifford Thorne, counsel for many important shippers, stated he believed it the proper solution for the railroad situation. Mr. Rea testified, however, that should the money be forthcoming from the government it ought not to affect the proposed freight increase, while shippers counsel believed the plan should be made effective in lieu of the rate increase.

Mr. Rea's statement came after he testified that the Pennsylvania could not get more freight cars until the middle of next year, that he did not believe it possible to increase the output of locomotives because of the labor situation, and that he did not believe it would be right to attempt bond flotation while the government was attempting to make large war loans.

NON-ESSENTIAL COMMODITIES.

Washington, Nov. 15.—Denial of rail transportation to more than 500 commodities classed as non-essential was recommended to the government today by the railroad war board. At the same time the board put out a statement declaring the country's railroads at the present rate of increase in traffic will be unable to meet demands that will be made on them this winter.

HALE HOLDEN ON STAND.

New York, Nov. 15.—Railroads are handling the greatest traffic in the history of the country, and it is unfair, because there are unfilled car orders, to say they have broken down, declared Hale Holden, president of the Burlington railroad, and a member of the railroads war board, at a dinner given by the Industrial Traffic league here tonight. The league is holding its annual meeting.

Necessity of decreasing traffic by the elimination of unnecessary shipments and travel was emphasized by Mr. Holden.

It was only a little more than two years ago, Mr. Holden said, in referring to the tremendous increase on railroad traffic, that there were approximately 350,000 idle cars in the country. On May 1 last there was an excess of cars ordered over cars supplied of 148,627, he said, and in September this had been reduced to 31,531, or 78 per cent. Since then there has been a considerable increase in unfilled orders, and Mr. Holden predicted there will be a further increase. Since the war approximately 25,000,000 miles annually have been with drawn from passenger service. Mr. Holden declared, and this has released a great many men for more important work and has accomplished a considerable saving in coal. The public may have to submit to further curtailment of passenger service and to forego some of the comforts and the conveniences which it now has, he added.

BISMARCK DISTRICT WENT OVER TOP WITH 144 PERCENT TOTAL

Splendid Showing for Slope Counties Indicated in Final Report of Chairman

The Bismarck district, with a quota of \$170,000, subscribed \$246,000, or an excess of 44 per cent, to the Second Liberty loan, reports District Chairman J. Bell of the First National bank, who this morning submitted final figures on the successful campaign. Burleigh county subscribed more than half the total in the district. Its quota was \$145,000, and it bought \$246,350 worth of bonds, or within a fraction of 200 per cent of its quota.

The district tabulation as prepared by Mr. Bell follows:

	Subscribed.	Quota
Burleigh	\$286,550	\$145,000
McLean	121,500	95,000
Kidder	36,300	29,000
Logan	35,100	25,000
Emmons	59,600	70,000

\$549,000 \$375,000

In calling attention to the splendid showing made by the state as a whole in subscribing for \$11,000,000 worth the second loan, Mr. Bell notes the fact that twelve years ago the total bank deposits were but \$20,000,000, or less than 100 per cent in excess of the amount North Dakota has just invested in Uncle Sam's Liberty bonds.

LEAGUE EXTENDING.

Tax Commissioner Packard Tell of Growth of Order.

Atlanta, Ga., Nov. 15.—Frank F. Packard, state tax commissioner of North Dakota, predicted in an address before the National Tax association here today, that the Farmers National Nonpartisan league will be come a factor of future congressional campaigns. Organized to enable the farmer to get a fair price on his commodities, the league, Mr. Packard said has spread to eleven states in the middle west and was steadily growing.

BOYS WANTED.

day in allied legations and embassies here a feeling that German influence had played a part in starting this move, which may prove embarrassing to the Kaiser's enemies.

The fear now is that a determined action by the Carranza government may result in the long feared attempt to destroy the oil properties. In some quarters here, however, it is believed that Carranza will hesitate to drive the rebels to that point, in view of the political and economic dangers involved.

Reports from Mexico City indicate some improvement in revolutionary conditions south of the capital.

Kaiser Says Super U-Boat Yet to Come

Declares Confidently the Subsea Vessel Will Determine Issue of War.

RUTHLESS CAMPAIGN CONTINUES TO END

Amsterdam, Nov. 15.—The German emperor, according to a Berlin dispatch, in addressing the U-boat crews in the Adriatic, and referring to the development of the submarines, said that a voyage of three or four weeks now was an everyday occurrence, and declared that the development of the U-boats had not reached its highest point. He expressed gratification at the amount of tonnage sunk in the Mediterranean, which, he said, showed that the U-boats had fulfilled what had been expected of them.

Submarine warfare would have a decisive part in the outcome of the war, the emperor declared, and would not be stopped until the enemy was annihilated.

The emperor concluded: "I am certain that our submarines will never rest until the enemy is subdued. For this we need as well as the power of man, the aid of God."

ERMAN INFLUENCE MAY HAVE REACHED MEXICAN PRESIDENT

Body of Troops Sent to Oil Fields to Oust Palaez.

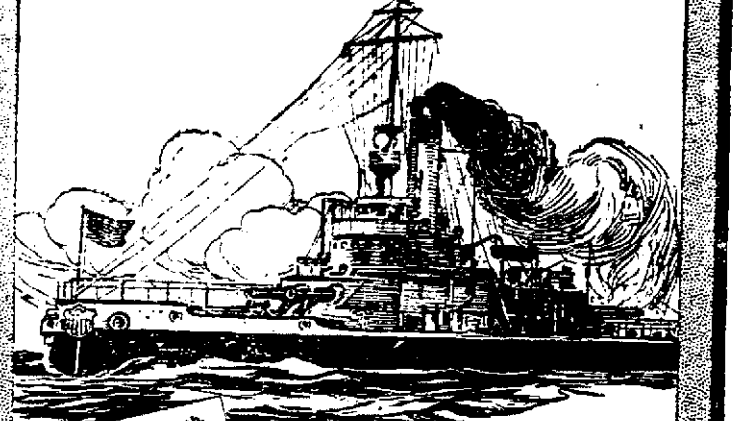

Washington, Nov. 15.—International apprehension has been aroused by the apparent determination of President Carranza of Mexico to drive the long molested Manuel Palaez and his little rebel army from the oil fields near Tampico. There was evidence to

Grand Forks, N. D., Nov. 15.—Five Grand Forks young men were put on trial here today in federal district court on a charge of violating the Mann white slave act. The defend-

QUALIFIES WHERE QUALITY STANDARDS ARE STRICTEST

Calumet Baking Powder is now used in the Army and Navy. For years it has been used by an army of housewives—and that army enlists thousands of recruits every year.

Housewives use Calumet because it produces best results. They judge it by results entirely. Government experts selected Calumet for this same reason—and other reasons too. They looked back of the results. They demanded Baking Powder, and pure bakings, as well as surety of results.

They selected Calumet because they could secure these desirable qualities—and were certain of getting them. The strongest guarantee you could ask for Calumet's thorough goodness. Try it.

ants are: Paul Williams, William Hogg, Roy Spriggs, Eugene Coulter and Clifford Bridgeman. Miss Adelaide Chapman of Larimore, N. D., is the complaining witness. The government resided its case late today.

SALVATION ARMY SEEKS TO RAISE BIG RELIEF FUND

Will Undertake the Collection of Million War Chest.

Chicago, Nov. 15.—Evangeline Peoth, commander of the Salvation army forces in the western states, after a conference today with 500 officers, announced that the organization is undertaking the collection of \$1,000,000 for war relief. In a telegram sent to President Wilson, she said: "Five hundred staff and field officers of the Salvation army gathered here in council, desire to pledge to you their loyal support in America's great battle for liberty and democracy. There is no sacrifice to this cause they are not prepared to make. All that the Salvation army has in men, women and property is at the disposal of your country."

REVOLUTION IN ECUADOR

Santiago, Chile, Nov. 15.—Advice from Lima, Peru, today announced the breaking out of a revolution in Ecuador. Several localities are reported in the hands of the revolutionists.

By reason of thorough distribution with the drug trade in the United States and lower selling costs, reduced prices are now possible for
